Über JOST

2002 ins Leben gerufen, setzt JOST mit seinen hochwertigen, vorwiegend in Europa produzierten Taschen, Börsen und Rucksäcken aus Europäischen Ledern und Geweben von Anfang an deutliche Zeichen und Trends im Fashion-Bereich. Die Wurzeln des Unternehmens reichen zurück bis ins Jahr 1891. Schon seit Gründung galt der Grundsatz: hochwertige Handarbeit, qualitativ herausragende Materialien und ein authentisch-eigenständiger Stil. Attribute, die in Kombination mit der reichen Erfahrung aus jahrzehntelanger Produktion zum nationalen als auch internationalen Erfolg beitragen. Heute zeichnen sich die mehrfach mit Design Awards prämierten JOST Taschen vor allem durch ihren typischen Charakter, ihre durchdachte Funktion und ihre hochwertige Verarbeitung aus.

Heute führen Josefine Jost und ihr Vater Dietmar Jost in der 5. Generation dieses Erbe weiter, mit dem gemeinsamen Ziel, dem Markt langlebige, funktionale Taschen zu präsentieren, die dem modischen Zeitgeist immer wieder neu entsprechen.

Über die Kollektion

Unsere NOS Kollektion für Damen und Herren folgt einer einfachen und klaren Systematik aus Modell, Material und Preis. Im Zentrum der Kollektion befinden sich zwei Key-Items: die wandelbare X-Change Bag für Damen, sowie der beliebte Roll-Top Backpack für Herren. Über alle Serien hinweg werden diese beiden Modelle mit erfolgreichen, verkäuflichen Rucksäcken, Umhängetaschen, Kurzgrifftaschen und Accessoires ergänzt.

Die verschiedenen Serien bestehen aus gleichen oder ähnlichen Modellen in einer Vielfalt von Materialien und Farben. Wir bieten hochwertige Leder, moderne Kunstleder und ausgefallene Gewebe-Materialien. Über diese Material- und Modellvarianz erreichen wir eine einmalige Breite im Preis.

Die Systematik, die unserer Kollektion zugrunde liegt, verbindet die unverwechselbare Designsprache und den hohen Wiedererkennungswert unserer Marke, mit einer breiten Verkäuflichkeit.

About JOST

Founded in 2002 by Dietmar Jost, JOST's premium backpacks, bags and wallets – made in Europe from European leathers and fabrics – have been setting directional trends and fashion statements from day one. JOST's roots date back to 1891. Over time, the company grew from a small saddlery into a strong and successful family-run enterprise. Its founding and enduring premise: high-end craftsmanship, exceptional materials and a unique, authentic style. Attributes that continue to drive the brand's national and international success, bolstered by decades of solid production experience. The current line-up of multiple awardwinning JOST bags excels with exceptional workmanship, a unique personality and clever functionality.

Today, Josefine Jost and her father Dietmar Jost are the 5th generation to carry on this legacy with the common goal of presenting the market with durable, functional bags that are always in tune with the fashionable zeitgeist.

About the collection

Our NOS collection for men and women follows a simple and clear system of model, material and price. At the center of the collection are two key items: the versatile X-Change Bag for women, and the popular Roll-Top Backpack for men. Across all series, these two items are complemented with successful, marketable backpacks, shoulder bags, short handle briefcases and accessories.

The different series consist of the same or similar models in a variety of materials and colors. We offer high quality leather, modern synthetic leather and sophisticated fabric materials. Through this variety of materials and models, we are able to achieve a unique width in price.

The systematic approach, on which we base our collection, combines the unmistakable design language and the strong recognition of our brand, with a broad marketability.
